Fulbright-Hays Instructions

Posted October 4, 2010
Applications due October 21, 2010

The bottom line
Applications must be submitted via e-Application and in one complete printed copy by 4:30 p.m., Thursday, October 21. Submit the two printed copies of the application, official transcripts and any other supporting documents to the Graduate School.

Complete applications include letters of reference – these too must be submitted by your referees via e-Application, by October 21.

After applications have been submitted on October 21, you are done. We will review the application, process the institutional component, and submit the final application to Fulbright-Hays.

The Fulbright-Hays website
To access the F-H fellowships application, you need to go to their website and register as a user. Go to http://www.ed.gov/programs/iegpsddrap/applicant.html and follow the instructions. Once you’re registered, read through the documents and instructions carefully, and start completing your application and collecting your supporting documents.

The deadline for submission is October 21
On the F-H website, you will see a different deadline. That is the date the applications are due at the F-H office. However: applications must be processed and submitted by the institution (the Laney Graduate School and the Office of Sponsored Programs). In order for us to complete that processing and submit all applications to F-H on time, we must have complete applications in our office by 4:30 pm on Thursday, October 21.

Some important reminders
1. Language and faculty referees must submit their letters via e-applications, and must submit them by October 21. In past years, this has been a stumbling block – look carefully at the instructions and make sure you let your referees know exactly what you are asking them to do.

2. Submit all official transcripts (Emory and any other post baccalaureate) in sealed envelopes to the Laney Graduate School. We will submit them with the application.

3. You must obtain any necessary approval from departmental and university human subject committees. Your advisor or DGS will be able to give you guidance, and basic information is at http://www.gs.emory.edu/resources/professional.php?entity_id=31.

If you have questions, please contact Leah Carswell at lcarswe@emory.edu or 7-2295. Emory’s Project Director is Mark Risjord, Associate Dean.
